2025

Invitation to the 10th Symposium on Multiple Sclerosis Treatment Algorithm

Date: 21st February 2025

Venue: Hrvatsko Narodno Kazalište u Varaždinu, Varaždin, Croatia

Note: Free participation

Dear Colleagues and Friends,

We are excited to invite you to the symposium titled “**10th Multiple Sclerosis Treatment Algorithm**” symposium, which will take place for the first time outside of Zagreb, in the beautiful city of Varaždin.

This year, we will focus on two main topics:

- Vaccinations in Persons with MS
- Application of the 2024 Revision of the McDonald's Criteria in Clinical Practice

We encourage your participation through clinical case presentations relevant to these important themes. As always, we look forward to engaging discussions that will enrich our understanding and practices in treating Multiple Sclerosis.

The main goal of the symposium is to provide participants with both theoretical and practical insights using evidence-based medicine, complemented by discussions of clinical cases with esteemed MS experts.

We hope you will join us for what promises to be an informative and dynamic event.

Warm regards,

Assist. Prof. Spomenka Kiđemet Piskač
Prof. Mario Habek
