

2nd International Conference on Neurological Disorders and Neurorestoration

WITH ACADEMIA OF THE EUROPEAN BRAIN COUNCIL

19-22 MAY 2022

Hotel Neptun

Dubrovnik

CROATIA

Save the Date!

Dear colleagues and friends,

it is our great pleasure to invite you to the **2nd International Conference on Neurological Disorders and Neurorestoration**, Dubrovnik, Croatia, 19-22 May 2022

With a wish to organize a meeting dedicated to all major areas of neurology, neuroscience and neurorestoration, in 2019 we gathered 150 renowned experts from 26 countries and 3 continents. Measurable success of the conference and numerous requests for this meeting to become a tradition from all participants brought us to the decision to announce Neuro-Dubrovnik 2022!

We invite you to a unique brainstorming event with leaders in the field, imbued with gala concerts and theatre evenings with a back drop of magical scenery in renaissance Dubrovnik.

Welcome to Neuro-Dubrovnik 2022!

Prof. **Ervina Bilic**, MD. PhD. neurologist
Head of the Department of Neurology
Clinical Hospital Center Zagreb,
University of Zagreb School of Medicine

Prof. **Dinko Mitrečić**, MD. PhD.
Head of the Laboratory for Stem Cells
Croatian Institute for Brain Research
University of Zagreb School of Medicine
